

Public Invited To Visit Hospital

NATIONAL HOSPITAL DAY FRIDAY, MAY 12TH

Grayling Mercy hospital will be host to all who care to call on National Hospital day that will be observed Friday.

For one of the entertaining features Grayling school band, under direction of Herbert Rowland, will play a concert at 3:00 o'clock in the afternoon. Also at from 3:00 to 5:00 p. m. a reunion of all the babies born in the hospital during the last five years will be held. Their parents also are invited. Each child will receive a souvenir.

Mercy hospital keeps marching on with the progress of the times in equipment and in efficiency. The doors of the hospital are always open and those in need of hospitalization are always given the best of care and service. Grayling Mercy hospital stands out as one of the best in Michigan. While not as large as some hospitals, still its efficiency and the quality of its equipment have won for it a most enviable reputation.

This is our hospital so let's be out Friday afternoon and let the Sisters understand that we appreciate what they are doing.

Grayling High Beats Roscommon

The Grayling High school baseball team defeated Roscommon 17-9 last Friday at Roscommon. Grayling collected ten hits and twelve bases on balls off the pitching of Myers and Knapp. Kraus, Westerholm, and Lovely connected for four doubles.

Roscommon made nine hits off the combined pitching of Kelke and Lovely, with six big runs scored in the fifth inning on three hits, two base on balls, and two errors. Emery, Myers, and Rutledge connected for two-base hits during the game.

Summary:
Gray 1 2 0 5 3 5 1-17 10 4

Going To Town With Townsend

(By Louis C. Silva)

(Paid for by local Townsend Club members.)
Beginning with next week's issue of the WEEKLY, I am starting a new column entitled "Going to Town With Townsend."

I shall attempt to play the searchlight of truth upon many phases of social security, taxation, business and economics in general. I shall try to tell you what I think can and should be done to make this country of ours the land we like to brag about. As it is today, we live in fear of what the future holds for us, and stint now to starve later.

Among some of the many subjects to be covered, are the following: The definition of an economist which I have found to be "the kept woman of big business;" what makes an economist tick and who makes him tick (talk); the education of the backbone of American industry or the small business man into the knowledge that the answer to the problem which he has confronted him and which he has groped in the darkness for, ever so long, is the Townsend Plan. The remainder of the principle of "give to get"; it has always worked and will work now if applied. Other things may change but a principle remains the same. The fact that national income can be increased by first increasing tax collections if such collections are earmarked for a specific purpose such as ours.

Social Security
This searchlight will also be turned on to its maximum of candle-power upon our present Social Security Law and last, but by no means least, upon the principles of the Townsend Plan, as set forth in HR 2. Great stress was placed by the Ways and Means Committee upon certain administrative features of HR 2, while the fundamental principles involved were purposely overlooked.

I have devised a system of taxation, built around the principles of HR 2, which I believe will be both foolproof and Ways-and-Means proof.

I want the people of this country and more particularly the small business man to become ac-

Airport Notes

(By Clayton Anthony and C. J. MacNamara, Jr.)

Col. Evans and Dick Richardson were delayed at the Grayling airport by engine trouble. The next day a plane from Lansing brought the necessary parts.

The Flying Club has begun its second month of flying. Every Monday night at 7:30 o'clock ground school is held at the high school. With the Civil Air Regulations fairly well in mind, the members are now studying the "Theory of Flight". A few of the members will soon be making their first solo flight, when they have instructions on spins. Practically every student has had at least one lesson on landings.

Starting this week, the plane will go to Houghton Lake on Thursday afternoons and return every Friday noon. This will enable members from Houghton Lake to fly without driving to Grayling.

Last week the Club plane was taken to Lansing by Fritz Heath and the instructor, Hilton W. Oxford, for a check-up.

Jerry Byrd and Russell Lyon of Lansing stopped in Tuesday for a visit with Hilton Oxford. Jerry goes to school at State; Russell is a radio announcer at Radio Station WJIM. They left for Lansing at 4:30 o'clock.

BIGGEST TROUT TAKE BAIT

Investigation of the feeding habits of Michigan trout seems to indicate that the biggest trout are, on the average, taken on bait, and that the muddler is probably the best single bait for large trout.

Examination of the stomachs of nearly 700 trout showed that the number of insects eaten by trout decreases as the trout grows in size. Brown trout up to 9 inches in length ate 84 percent insects but as they grew larger they turned to a crab and fish diet.

Muddlers, according to the investigators, were favored over the ever popular worm.

School Giving Annual Music Concert

FINE PROGRAM PREPARED FOR MAY 17TH

The Music department of the school is giving its annual concert Wednesday, May 17, at the High School.

The program is to be divided into six groups, with the Girls Glee Club, the Sextette, the Elementary group, and the Band presenting the music.

The program will start with the band playing three numbers. Second will be the Girls Glee club singing a group of songs. The band will again play a group of pieces after which will come the sextette and elementary grades group. The closing numbers will be featured by the Glee club and Band together giving the now famous "God Bless America" which has been made so popular by Kate Smith.

The entire proceeds from the concert will be used to still better the music department of the school. Tickets are available from any member of the band or glee club and reserved seats may be gotten at Mac & Gidley's drug store. Regular admission is 15c and 10c, with reserve seats 10c extra.

AVOID HITTING DEER AND WILDLIFE

A sharp upturn in the already heavy toll taken by the speeding automobile from game birds and animal is anticipated as the north country is filled with enthusiastic anglers.

All drivers are urged to be careful while driving and make an attempt to avoid killing game birds and animals wherever possible. Deer crossings, many of which are marked by signs, are the source of greatest danger. Not only may deer be crippled or killed but automobiles may be severely damaged and occupants seriously injured. Motorists are reminded that deer frequently travel in pairs and that one deer, crossing the road, is frequently closely followed by a second.

Ethel Taylor Marries In East

Miss Ethel Evangeline Taylor, of 84 Park street, daughter of Mr. and Mrs. Floyd L. Taylor of Grayling, Mich., and Edward A. Pierce of Buffalo, son of Ethan Allen Pierce of New Baltimore, N. Y., were married today at noon (Saturday, April 29) by the Rev. Christenberry A. Ritchie, pastor of the Redeemer Lutheran church.

Mr. and Mrs. Thomas C. Scott, the latter a cousin of the bride, were the attendants.

The bride wore a light blue wool crepe tailored dress with navy blue accessories and a corsage of white roses and lilies-of-the-valley.

The matron of honor appeared in a figured print crepe of chrysanthemum and gray with gray accessories. Her corsage was of talisman roses.

A wedding breakfast was served to 22 guests at the home of the bride's aunt, Mrs. George M. Scott of 84 Park street. Encircling the wedding cake centering the bride's table were yellow roses and white sweet peas. White tapers were set in crystal holders for lighting.

Mr. and Mrs. Pierce left on a motor trip to Albany and Vermont. They will reside in Buffalo. Mrs. Pierce, a graduate of Grayling high school, was graduated from the College of Pharmacy at Ferris Institute, Big Rapids, Mich., and attended Battle Creek college at Battle Creek, Mich., a year before her graduation at Ferris Institute. She is a member of Kappa Delta Phi sorority.

Mr. Pierce attended Vermont State college and was graduated from Burdett Business college in Boston, Mass. He is in the Buffalo offices of the Liberty Mutual Insurance company, Binghamton Press, Binghamton, N. Y.

The above article, together with a lovely photograph of the bride, appeared in the daily edition of the Binghamton Press. Hosts of friends in Grayling extend congratulations and best wishes to the bride and the husband she has chosen.

Standard Oil Ads In More Papers For Fourth Year

"Golden Jubilee" Campaign To Appear In Avalanche, Dan Hoelsi Announces

Standard Oil Company of Indiana for the fourth consecutive year will increase the number of newspapers to carry its spring and summer advertising campaign, which this year will take its keynote from Standard of Indiana's "Golden Jubilee," Dan Hoelsi, Grayling Standard Oil agent, announced today.

The Crawford Avalanche and 1,789 other daily and weekly newspapers with combined circulation of 13,687,486 will receive more than 75 per cent of the total advertising appropriation. A total of 1,748 newspapers was used in 1938, 1,588 in 1937 and 1,543 in 1936.

"Golden Jubilee Red Crown" Celebrating Standard Oil's 50th Birthday" and the five advantages of the produce will feature the gasoline advertising, white clean rest room advertising will assert, "We provide those clean rest rooms you've read about" and Iso-Vis ads will tell the long-lasting qualities of the motor oils. Ads before the holidays will emphasize the free check-up service at Standard dealers for motorists who plan trips.

"The story of Standard Oil Company of Indiana is a typical story of American business," said Mr. Hoelsi in reminiscing about the company and its "Golden Jubilee." "Standard of Indiana was organized to build a refinery at Whiting, Ind., June 18, 1889, when its principal product, kerosene, was sold from the old tank in the back room of the grocery store to light the lamps and stoves of the middlewest.

"Today the Whiting refinery, which has become the largest complete refinery in the world, and other Standard refineries make gasoline, motor oil, kerosene and altogether 2,000 products from petroleum, and more than 23,000 Standard Oil dealers, independent of the company, serve nearly 8,000,000 motorists in 13 middlewest states.

"No company can exist" after 50 years without public confidence in its products, its policies and its ability to serve the customer, not only yesterday and today, but tomorrow. Standard of Indiana will continue to supply its customers with a good product and a good service at a fair price," Mr. Hoelsi said.

IMPORTANT TO PROTECT YOUNG PEOPLE FROM TB

It is necessary to search for tuberculosis among apparently healthy persons, according to the Michigan Tuberculosis Association. Protection of young persons, especially young women, is particularly important, for among them tuberculosis is still a health problem of dangerous proportions.

Statistics show that the tuberculosis death rate among young women between the ages of fifteen and twenty-five is higher than for men of the same age. While the decline in the general death rate from tuberculosis includes a decrease in the rate among young women, the decrease has lagged behind that of most groups.

Christmas seal weapons of discovery—the tuberculin test and chest X-ray—are modern methods of controlling tuberculosis. They are provided for Michigan people by the Michigan Tuberculosis Association through funds raised in the annual sale of tuberculosis Christmas seals.

SCHOOL NEWS

John Gross Passed Away

The Senior play "The Porter House Stake" is rapidly assuming presentable proportions under the capable direction of Miss Hane. This rollicking comedy will be presented at the High school auditorium Tuesday, May 30th. Remember to reserve that date to see the class of '39 make their final bow in the dramatic field.

Tuesday the High School was entertained by the professional team of "Briggs and Stark," presenting an hour's program of music and merriment interspersed with drawing exhibitions. This team proved to be one of the most popular of recent programs. Keeping over 200 students of varied ages interested and amused proved an easy task for this popular team as they proceeded thru their varied program.

Glee Club Going to Petoskey
May 13th, our Girls Glee Club and their director, Miss Johnson, are going to the annual Music Festival which is to be held this year in Petoskey.

Including the accompanist, there are about thirty-one girls going from here. The girls will sing two songs by themselves, and in the evening will sing in the mass group of Glee clubs. The Glee club has been and will be having practice every night at 7:10.

John Gross, age 72, long a resident of this city, passed away at his home Friday noon following a stroke suffered Monday.

Mr. Gross was born in Sotin, Austria, August 15, 1867, and came to America in 1900. He came to Grayling two years later and since then this had been the family home.

Funeral services were held at the home Monday morning at 10 o'clock with the Rev. Fr. James Moderey of St. Mary's church officiating. Burial was in Elmwood cemetery.

The deceased leaves to mourn his death besides his widow, three daughters: Mrs. R. Lietz, Mrs. Earl Isenhauer, both of Grayling, and Mrs. B. M. Silver, of Detroit; three sons, Clarence and Frank, of Grayling, and George of Hollywood, Calif.; nine grandchildren and two great-grandchildren.

Hosts of friends extend sympathy to the family in their bereavement.

Grayling Wins Over Gaylord

Wednesday the Green and White played host to their old rivals from the north, Gaylord, on the home diamond, and while they treated the opposing moundmen a little too rough to be called the perfect host, yet the result was completely satisfactory to the Grayling supporters.

The game started out as a pitcher's duel which lasted until the 3rd inning when Grayling broke thru for five runs to take a commanding lead which assumed mountainous proportions as Peterson, whiffed 12 Gaylord batsmen in the first five innings. At this stage of the proceedings however Gaylord apparently decided things had gone far enough and decided to do a little scoring of their own. When the smoke had cleared away five runs had crossed the plate to make a new ball game of it.

Grayling, not to be outdone, came right back in their turn at bat to score 6 runs and put the game on ice. Gaylord pushed across more runs in the 7th to bring the final score to 11-7.

FRESH CAMERAMAN WINS HONORS

John B. Wright, Saginaw freshman, a former Grayling High school student, has been awarded high honors for the excellence of his photographs by the editors of Collegiate Digest, according to an announcement of the results of a nation-wide contest.

Wright's unique portrait of himself was given high praise by the judges of the contest because he accomplished an almost-perfect print. The photo, which will be featured in the annual Collegiate Digest Salon edition, shows three different poses of Wright playing cards.

This photo, together with another picture of a skier by Wright, has been selected by the Collegiate Digest editors to be honor prints in a traveling salon that will be exhibited at colleges and universities in all sections of the United States.

John Henry Peterson says he is working for the Bay City and Saginaw papers along with his school work. He is majoring in photography also.—Michigan State College Paper.

1940 License Plates Black On Silver

License plates for the year 1940 will be black numerals on a silver aluminum background. The silver aluminum paint used, will bondarize the metal of the plate and the plate will not be subject to chipping as with the enamel now used, making the new license plates more durable; also this color background will tend to eliminate reflections and minimize glare.

CARD OF THANKS

We wish to thank our neighbors and friends for their many acts of kindness and floral offerings at the passing of our husband and father. Also Rev. Mills for his comforting words, and Mrs. June Underwood and Miss Helene Babbitt for the beautifully rendered hymns at the funeral service.

THE TRIALS of a conscientious legislator are many and difficult. The public is demanding economy and also demanding appropriations for this, that and the other things. He just can't please everyone and still be the kind of statesman he would like to be. He is besieged on every hand by constituents at home and by an army of lobbyists. Some of these activities are warranted but many are for selfish personal or class interest. Then there are those wanting appointments, some of which are justified but others are only for the payment of political favors, without regard to the fitness of the applicants. Always the legislator must turn an attentive ear, and it's a tough job, sure enough.

Masons To Hold Past Masters Meeting

MASONIC TEMPLE, FRIDAY, MAY 26TH

On Friday, May 26th, Grayling Masonic Lodge will work the third degree on two candidates. Lodge will open at 4:00 p. m. when the first session will be worked. Dinner will be served at 6:30 in the Temple dining room after which the second session will be worked.

This night has been designated as Past Masters night and all of the chairs will be occupied by Past Masters.

Every Mason in Crawford county and also in surrounding communities is invited to be present.

Heavy Rain Aids Control Of Fires

A heavy rainfall which fell in the fire region in Montmorency and Presque Isle counties Monday afternoon and evening was a material aid in controlling the fires which had devastated nearly 40,000 acres since Saturday.

Mapping made Monday by airplanes revealed that the burned-over area is not so extensive as had at first been estimated, the total being estimated between 36,000 and 40,000 acres.

No arrests have yet been made but officers are investigating clues believed to lead to the firebugs alleged to have started the fires in several places as a spite move against Canada Creek Ranch.

State police and county officers of Montmorency and Presque Isle are conducting the investigation.

A fire that started near Deward in Crawford county the first of the week was quickly brought under control.

A large force of voluntary fire fighters and enrollees of the various CCC camps in the north fought fire for three days.

DAN OWENS HOME DESTROYED BY FIRE

The home of Mr. and Mrs. Dan Owens, with the greater part of its contents was badly damaged by fire at 5:00 o'clock Wednesday afternoon. There was no one at home at the time and the fire had gained such headway before it was discovered that it was a hard one to combat.

Mrs. Owens was at work at the Grayling Laundry and Mr. Owens had gone down to meet her. Neighbors noticed smoke in the yard first and later it was discovered coming from windows and under the eaves of the house. An alarm was quickly sounded and the city fire department was on the job in no time and soon had the flames under control, but not until the interior of the house was badly burned. Some of the contents of one room in the front part of the house were removed but all the rest was burned.

The loss is covered by insurance. The origin of the conflagration has not been determined.

MANY VISITORS PRESENT AT KIWANIS MEETING

There were many guests at the Kiwanis meeting Wednesday afternoon. T. F. Marston, secretary-manager of the Eastern Michigan Tourist bureau, and Senator H. P. Orr of Caro were the guest speakers.

Mr. Marston especially emphasized the importance of good service to the visiting resorters and community visitors. We shouldn't hesitate to go out of our way to assist visitors to get what they want. Also people aren't coming to communities where they are charged exorbitant prices. Hotels and cottages should see to it that their places are clean and comfortable, and that there is good sanitation. These precautions bring people back and send them away with an appreciative feeling.

Senator Orr, a member of the State Crime commission, told of the importance of crime prevention. Illustrated how that by modern methods many young boys and girls may be guided into useful and exemplary lives that might have been otherwise spent in crime. The commission has every facility of the University of Michigan for aiding in this work. Here a boy or girl who may have become incorrigible or low in intelligence, is studied scientifically in order to determine just what may be the cause of his or her trouble. He related about one certain young girl who had been sent home from school because of being mentally unable to make any progress in her studies. She was about to be sent to the home for the feeble minded at Lapeer when she was placed under jurisdiction of the Crime Commission and was sent to Ann Arbor for observation and study. It was found that her trouble came from physical impediments and was treated and cured. Today she is back in school and is getting A and B markings in her classes.

The per capita cost of supporting a person in one of our public institutions averages \$350 per year. Michigan is paying twenty-six million dollars annually for the support of persons in our prisons and asylums.

Senator Orr implied that it is far cheaper and better for the state to do everything possible to assist young boys and girls to help themselves in cases where they are unable to help themselves by their own efforts.

Next week Wednesday evening the Club will hold its meeting at Horseshoe Lake, guests of Mr. and Mrs. George Worthey.

TATTOO FUNERAL LARGELY ATTENDED

Funeral services for Mrs. Lottie Tatoo were held at the family home Friday afternoon. Rev. H. W. Kuhlman officiating. Sacred music was rendered by an electric organ during the service.

Interment was in Elmwood cemetery. Business associates of Mrs. Tatoo acting as pallbearers: C. J. MacNamara, Arnold Burrows, Frank Sales, Frank Bennett, Alfred Hans and Emil Niederer.

The funeral service was met at Elmwood cemetery by members of the American Legion Auxiliary where Mrs. Samuel Rasmussen, president of the Auxiliary, paid tribute to the deceased in a few well-chosen words, following which Mrs. John Enkes chaplain.

read the closing prayer and red roses were thrown by members of the casket. Meanwhile taps were sounded in the distance by Harold McNeven and Don Sweeney, paying tribute to a mother who had contributed a son to the World War.

Among those from out-of-town in attendance at the funeral were: Mrs. Daisy Harwood, Mrs. Earl Traxler and son Floyd, Pat Miles and Joseph Shearer, Mr. and Mrs. William Risley, Mrs. Clara Taylor, Mrs. Taylor Langstaff, Mrs. Erwin Wieggle, Mrs. William Foss Jr., Glen Taylor, Mr. and Mrs. Wm. Starrett and son, Mrs. Sarah Carlson, and Ed Starrett, Bay City; Mr. and Mrs. Clarence Weaver and children, Bobby, Nancy and Foster, and Bud Harwood, Mr. and Mrs. William Barker, Mr. and Mrs. Milton Barker and son, Gaylord; Mrs. Smith and Mrs. Woods, Wolverine; Mrs. Charles Tiffin, West Branch.

To Mother
Our Mother was good
And true and brave,
With the kindest heart
God ever gave.
Though her body be gone
She is with us still;
Her soul lives on
And always will.
Just a few days ago
We laid her to rest;
We gave her to Him
And prayed it was best.
She left us before
It came all Mother's Day,
So we give tribute to her
In the only possible way—
By thinking of her
On the Fourteenth of May.

Achievement Day Was Success

EIGHT GROUPS AND MEMBERS REPRESENTED

Very fine in all its appointments was the third annual Achievement Day of the Home Extension groups that was held at Michelson Memorial church Wednesday.

Upon arriving, each guest after registering, was given a "get acquainted" leaflet and before long there was a very congenial crowd gathered at the luncheon tables in the church dining room. Three long tables were filled and all enjoyed the lovely meal served by the Ladies Aid society.

The program for the afternoon immediately followed in the church auditorium, with Mrs. A. D. Leng of Frederic, county chairman, presiding. Mrs. June Underwood nicely rendered a selection on her Hawaiian guitar to open the program and responded to an encore. Mrs. William Heric, county secretary, then gave a summary of the year's work, following which L. W. Barnes, Agricultural agent, spoke a few words as to next year's project and announced the county officers for next year, which are Mrs. A. Leng, Frederic, who was re-elected chairman; Mrs. Herman Bertl, Roscommon, recreational director and Mrs. William Heric, publicist chairman.

Miss Ruth Peck, Home furnishing specialist from Michigan State College, announced the project for next year of Home Management, which will be given in four lessons: "Making every stitch count"; "Bringing your home up-to-date"; "Adventures in block printing"; and "Decorative accessories." Previous to Miss Peck's talk she and Mrs. Leng were presented with lovely corsages, gifts from the leaders of the various groups in appreciation of their efforts during the year.

A short musical program was enjoyed, arranged by Mrs. Adolph Peterson, program chairman for the day. Miss Martha Johnson presented her sextette in two selections, "That Wonderful Mother of Mine" and "The World Is Waiting for the Sunrise" and both were beautifully sung by Shirley Young, Natalie Peterson, Frances Witkowski, Mildred Craft, Elaine Christensen, and Monica Brady. It was a revelation to see and hear the Grayling school band who appeared with their director, Herbert Rowland. The assemblage was delighted with the music and applauded the young musicians generously.

Following the musical numbers Mrs. Leathers gave a lecture on her South American travels, that was very interesting and highly enjoyable.

During the course of the afternoon a comprehensive report of the work of each group was given, which showed that 115 ladies had taken part in the year's work. The exhibits showed that much had been accomplished but one would have to see them to appreciate the value of the training that had come from the lessons.

These projects which are brought to the counties through the Extension Division of Michigan State College, are raising in popularity each year, especially in the rural areas. Many housewives are being helped, which make for happier households.

Junior Prom Friday May 26

On Friday evening, May 26th, the Junior class will be hosts to the graduating class of 1939 at the Junior Prom, at the High school gym. Music will be furnished by Henry Smith III and his orchestra of Saginaw.

The Juniors are making big plans for this event and promise a full evening of enjoyment for their guests. The decorations committee are deep in the job of decorating the gym to make it attractive, so that the Seniors and others will always remember this event.

Home Economics Extension Notes

The final meeting of Home Extension Group No. 5 was held at the home of Mrs. Bernard Brady. The lesson on "Slip Covers" was given; also some pointers on the lesson "Living with Pictures."

Mrs. Brady served a nice lunch. **Makes Home in Mudball**
One of Africa's most famous fish is exported in mudballs. This freak of nature, the mudballs, burrows into river beds when the dry season approaches, and can live there for months at a stretch. Should any visitor to Africa wish to bring back a lungfish, it need only to be imprisoned in a solid block of mud and may thus be shipped safely to almost any part of the world.

Friends of Mr. and Mrs. Dan Owen have arranged for a shower for their benefit to be held Tuesday evening at the home of Mr. and Mrs. Peter Larson. The Owens just suffered a disastrous fire in which they sustained a heavy loss. The public is invited to the shower.

Dr. and Mrs. Chas. A. Canfield of Royal Oak arrived Thursday afternoon to be guests of Dr. and Mrs. C. R. Keyport for a few days. Of course the Doctor was here to do some trout fishing. He took a nice lot of speckled beauties back with him to Royal Oak Sunday.

The remains of Guy N. Miller of Bay City, a brother of George Miller of Grayling, were brought here for interment Friday afternoon. Mr. Miller died at General Hospital Wednesday morning of burns received the morning previous when he attempted to kindle a fire with kerosene. His wife, who was formerly Florence DuPre of Grayling, daughter of Mr. and Mrs. Maguire DuPre, was severely burned and lies in a serious condition at General Hospital, Bay City. Surviving besides the widow are four grown children, two brothers and one sister. Mr. and Mrs. Miller were married in Grayling and this was their home for several years.

John C. Failing and his bride, who was formerly Ann Diff, of Seneca, Ill., and who were united in marriage Saturday at Seneca, arrived in Grayling Tuesday. They are guests of the former's mother Mrs. Ellen Failing, and will be here for her birthday anniversary which will be tomorrow and will remain for Mother's Day. Mr. and Mrs. Failing are accompanied by the former's son Jack and enroute here they visited Allen Failing at Quinnesec, Mich.

The Danish Congregation gave a farewell party at Danebod Hall Tuesday evening in honor of Peter Petersen who will leave for Marlette soon to make his home. As Chris Johnson was also observing his birthday anniversary he was a guest of honor too. Rev. C. Stockholm thanked both gentlemen for their work in the church and wished Mr. Petersen much happiness in his new home and Mr. Johnson many more happy birthdays. Several Danish and English songs were sung, until call for lunch.

The Dawson store looks like a new place with its new, modern 22-foot low counter. In front of it are red leather, chromium-plated round stools. The fountain and other equipment are now against the wall, making it convenient for serving and comfortable for the customers. The side wall with its metal covering has been replaced with ply-wood. The hot-nut case has been removed from the center of the room to line up with the counter. This change is very pleasing, attractive and comfortable and increases the seating capacity.

The City Fire department made two quick runs Saturday afternoon, the first at 1:00 o'clock when cottages at Lake Margrethe between the William Hill and Robert Dyer cottages were threatened by a grass fire of bad proportions. As the woods were extremely dry at the time and there was a high wind blowing the residents at the lake became alarmed and called for help. The department had little trouble in extinguishing the fire before any damage was done. Later in the afternoon a rubbish fire at the city dump east of town crept into the grass and the firemen hurried to stop its spread.

Ladies Golf Club

Sunday afternoon the ladies and gentlemen of the Club enjoyed one of their fine potluck dinners.

This next Sunday all activities will be in full swing on the course and in the clubhouse. It being Mother's Day, tea will be served to the mothers from 10 to 6 o'clock with the young ladies in charge. All ladies of the club are invited to attend.

Next Wednesday another potluck luncheon will be held with golf and bridge following.

GOLF COURSE A NECESSITY TO THIS COMMUNITY

On Sunday last, a joint meeting of the men of the Golf club and the ladies of the Ladies Auxiliary was held.

It was a very successful meeting in that the discussion brought out many ideas that should prove very profitable to the club. Many of us are quite unaware of how vital to any community is a golf club course.

Statistics show that towns without golf courses have fewer tourists by many hundreds than those supporting courses. One finds better hotels in places where there is an opportunity to play golf. Many people motoring through Grayling enroute further north have remained here for over night or a day while they enjoyed golfing. Last year on Memorial Day 48 outsiders registered at the club house for golf. This means gas, oil and food purchases from our merchants.

Many people vacationing at Higgins Lake, Lake Margrethe, and on the rivers were known to bring three and four of the family in to the Grayling golf course every day for several weeks, incidentally leaving many, many dollars for provisions, etc.

However the maintenance of a course cannot be covered by golf fees alone. There must be other sources of revenue and this must come from loyal citizens of the community who realize that what benefits some directly benefits all indirectly.

Grayling is getting better and better. This spring much money is being spent to make this a better place to live in. Business

men and home owners are remodeling their property, making the town much more attractive.

We have lakes and streams, with as fine fishing as can be found anywhere. We have canoeing on the AuSable, the beautiful pines, with fine roads to every point of interest.

Good hotels, restaurants, fine movie theatre, modern hospital, fine school and churches, and a splendid golf course of which every citizen should be proud. Let's all give it our support.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, May 11, 1916

Wednesday afternoon and evening the ladies of the Good-fellowship club were hostesses to several other clubs at a reciprocity meeting. There were seventy ladies present representing the Womans Club from West Branch, St. Helen, Gaylord and Grayling. The ladies from out of the city were met at the station with autos and were driven to the Danebod Hall. During the afternoon they were driven around the Military camp, and were taken to the movies at the Opera House. In the evening a splendid banquet was served the ladies at the hall. This was prepared and served by Earl Dawson and his assistants.

Wilford Cameron is the new barber at the Etnier Matson barber shop.

Louis Herbison left Saturday for Bay City and later will leave for the west.

Mr. and Mrs. Nestor Vallas are rejoicing over the arrival of a daughter, born to them at their home Wednesday.

John Olson has disposed of his old familiar gray horse, that he has driven on our streets for more than 20 years, and purchased the horse driven lately by John Isen-hauer.

Mr. and Mrs. Al. Weber of Cheboygan returned home Monday after a few days spent here, guests of Mr. and Mrs. Claude Gilson.

Melvin A. Bates was in Mio Tuesday in the interest of his candidacy for nomination for the legislature. He was accompanied by Harry Pond.

Miss Lucille Hanson is entertaining Miss Grant of Bay City this week.

Mrs. Will Heric left Friday for Flint, where Mr. Heric has been employed for the past several months and where they will make

their home for the present.

Mrs. Charles T. Jerome entertained about thirty ladies Saturday afternoon at "500." In the evening Mr. Jerome invited in a few gentlemen and pinocle was enjoyed. Refreshments were served later in the evening.

The thunder and lightning storm of Sunday night caused some little damage. The lightning played havoc for a while striking the home of Capt. Case and family at the military reservation, and ripping off about ten to twelve feet of the roof and the fireplace chimney was laid to waste. In town the lightning struck the Ed. Cooper residence running down the chimney and burning a hole in the floor beneath. The Moshier barn near the railroad was also struck.

Miss Mildred Corwin has been confined to her home the past week because of illness.

John Larson has moved his saloon business to the Chris Hanson building, corner of Michigan and Cedar streets.

Portage Lodge, K. of P., had a big meeting Friday evening when about 20 members of West Branch lodge were present as guests. There was work in the third rank and Harry Simpson and Hugo Thompson were candidates. At the close of the lodge meeting, a sumptuous banquet was served in the lodge dining rooms.

Alphonse Seedman of Roscomon was brought to the hospital Tuesday night, with both hands injured as the results of playing with dynamite, when it exploded. Two fingers and the thumb of the left hand were shot off and the right hand burned.

Mite boxes were opened and it was the day for election of officers for the ensuing year, and the present officers were unanimously re-elected. Mrs. Carl Hanson was the assisting hostess.

Don't forget that the music department of Grayling schools, under direction of Herbert Rowland, band leader, and Miss Martha Johnson, director of school music, will render a program at the school auditorium next Wednesday evening—May 17th. You'll enjoy every minute of it and besides the small admission you pay will help the band instrument fund.

Thirteen girls made Donna Brown very happy on her 13th birthday that fell on May 3rd. In order to raise sufficient money to buy a chosen birthday gift everybody in the neighborhood was besieged to buy angleworms whether they fished or not. Then mothers were taken into their confidence and when the birthday dawned a picnic had been planned that was held at the tourist park and Miss Donna was the recipient of a lovely gift.

Eugene Karpus, who has not been back to Grayling since the family moved from here 20 years ago, dropped into the city Tuesday and was busy making the rounds to renew old friendships. His parents were Mr. and Mrs. Stephen Karpus and he was one of eight children. He is a certified public accountant with offices in Detroit and was on his way to Mackinaw City on business. He found many friends here glad to see him again.

Non-partisan News Letter

Lansing—The state legislature is entering the final lap of its five-month session with adjournment due in a week or so and relatively little accomplished to date.

Legislators began the fifth month last week without one of four major problems settled. The House version of a labor relations formula was rushed through under Republican caucus agreement on the very day that former Governor Frank Fitzgerald died. The bill was promptly buried in the Senate labor committee, led by Senator Harry Hittle, who has just reported out a modified measure calling for mediation board without a 10-day strike notice and other drastic provisions.

As for civil service, the House and Senate could not agree with the result that separate measures were passed by the House and Senate to be ironed out in a legislative conference committee. It was indicated that thousands of employees, now on state payrolls, could be unclassified and hence subject to political patronage whims of the administration in power. Anticipating that many jobs would soon develop, Senate republicans named a patronage committee, headed by Felix Flynn, president pro tem from Cadillac, to consult with Governor Luren D. Dickinson.

Welfare and Budget

Other major problems awaiting legislative action at this late date were welfare and the budget.

Under provisions of a bill passed by the Senate, welfare administration would be handled locally in each county by a county welfare commission, subject to central supervision by a five-man state commission. The state commission would attempt to coordinate the functions of nearly a dozen semi-independent boards and commissions.

One amendment, imposed by the Senate, constituted a home rule victory for county supervisors inasmuch as it provided that the state should match county relief expenditures before considering distribution of welfare funds on the basis of need, the latter being urged by social welfare workers. Another amendment would require the recipient of relief to be a resident of Michigan for at least three years during which time the recipient had not received private or public aid. Labor representatives vigorously opposed the latter restriction.

Generally speaking, the senate welfare measure was viewed as a compromise between the supervisors and the welfare workers. It would replace the state welfare act which was invalidated by referendum last fall.

102 Millions

Despite united pressure from school teachers and other groups, the house ways and means committee recommends that state ex-

penses for 1939-1940 be limited to \$102,000,000.

Revenues are forecast at this amount.

State and to public schools would be held to \$40,000,000 a year including the primary school interest fund estimated at \$17,000,000. This is just \$3,000,000 less than the total demanded by the schools and also pledged by the late Governor Fitzgerald. In the fiscal year 1937-38 the schools received \$41,264,000.

Earl Babcock, Grand Haven president of the Michigan Education association, said: "The 15-mill limit is a barrier which the average community cannot overcome. Every community would gladly do more if the law would permit. The only alternative is for the state to do more."

Dr. Eugene B. Elliott, state superintendent of public instruction, pleaded for \$50,000,000 while other speakers warned direly that four-fifths of the public schools in Michigan would not be able to keep open more than seven months next year.

Old Age Pensions

The legislative budget, however, does make generous allowance for further state assistance to the aged.

Whereas the state allocated \$7,385,000 in old age assistance for 1937-38, the new budget would allow \$8,439,000. The old age bureau had requested \$11,644,000.

Welfare needs are estimated at \$9,000,000 a year, as contrasted with the social welfare workers' forecast of \$15,000,000. Aid to dependent children and the blind would be limited to \$4,000,000; the University of Michigan would get \$4,567,000 a year; \$43,000 more than it received last year; and Michigan State College would get \$2,467,000, an increase of \$45,000.

In the senate a deficiency bill for \$2,600,000, second for this session, received sanction. Eliminated entirely was a proposed appropriation of \$1,250,000 for the crippled children's commission on the suspicion that the act making the state liable for payment of medical bills ordered by any probate judge, had become a "racket." The sole legislator to oppose the bill was Senator Earl Munshaw, Grand Rapids.

Cause and Effect

The cost of maintaining Michigan's prison system, criminal courts, Michigan state police and the state mental institutions for the fiscal year 1938-39 was approximately \$11,000,000. Prisoners total 7,400; mental patients, 15,400. The cost of handling, disposing of and treating 4,000 to 5,000 juvenile delinquents each year runs approximately \$1,100,000, making a grand total of \$12,100,000 a year, or more than \$1,000,000 a month.

In Detroit alone the cost to taxpayers of maintaining the police department approximates \$10,000,000 a year.

cost of crime in Michigan starts at \$20,000,000 a year, while top estimates reach \$600,000,000, just 4 per cent of J. Edgar Hoover's estimate of \$15,000,000,000 annual cost of crime in the United States. Eighteen of Michigan's largest cities last year reported 25,357 major crimes to the Federal Bureau of Investigation at Washington, D. C.

Aiming at the cause of crime—the child who becomes a criminal delinquent in the eyes of the law—is the Michigan Child Guidance Institute, created two years ago and placed under the University of Michigan board of regents for the purpose of preventing juvenile delinquency. The institute is faced with legislative death in the current economy program.

Milk Price-Fixing

Price fixing of milk has become a probability for Michigan as result of action by the House in approving the controversial Welsh bill, backed by an aggressive farmer bloc. Weary at the prospect of further consideration of this bill, representatives eagerly "passed the buck" to the Senate which now holds its fate.

Dairy farmers are nearly unanimous in approval of the novel principle that the state should regulate the price of milk, declaring that bulk prices are now ruinously low and in many cases below actual cost of production.

Outcome of the Welsh bill is uncertain due to realignment of forces in the Senate, as evidenced by defeat of the anti-Barnard bill and the sidetracking of the Anti-Van Wagoner bill. The confusion which prevailed as the result of Fitzgerald's death has not helped matters any. Milk producers hope that their present bloc will overcome the handicap, but the prospects for the Welsh bill are none too bright.

"Coolidge" Remark

"I'm making no plans for it," said Governor Dickinson in reply to a query about seeking reelection in 1940.

Coolidge-like in its inference the governor's remark set politicians guessing anew as to whether Michigan's 80-year old governor would seek another term. Governor Dickinson added slyly: "I've got to have a corner to get out of."

First Quarter Weight Tax Paid

State Highway Commissioner Murray D. VanWagoner vouchersed \$11,012,584 to Auditor General Vernon J. Brown this week for payment to the counties as the first quarter weight tax returns for 1939.

First-quarter returns compared with \$10,223,762 for the same period a year ago, an increase of 7.8 percent. Such an increase would presumably indicate higher automobile sales for the first three months of this year as compared with a year ago.

It was the first payment made to local units on 1939 motor vehicle tax collections. Counties and cities receive the entire amount of weight tax collections in addition to \$6,550,000 annually from the gasoline tax.

Payment to Crawford county was \$20,262.82.

Otsego county's was \$20,397.36 and Roscommon's was \$21,006.34.

C.M.T.C. Offering M.S.C. Scholarships

Three scholarships to Michigan colleges will be among the many awards available to young men from this state who attend the Citizens' Military Training Camp this summer. Phelps Newberry, Civilian Aide to the Secretary of War in Michigan, announced today. The scholarships, which provide tuition for one year, are being given by Wayne University, Detroit, the Detroit Institute of Technology and the Michigan College of Mining and Technology in Houghton.

Young men attending the camp who can pass the entrance requirements for these schools will be allowed to compete under rules to be announced when the camp opens. In general they will be given for outstanding activity for the development of good citizenship.

These scholarships, however, are only few of the awards to be made at the camp. Mr. Newberry explained. Dozens of other trophies consisting of medals, cups and other prizes will be available for those who excel in military and athletic activity during the four weeks of the camp from July 11 to August 9.

There are still a few vacancies in the Michigan quota. Mr. Newberry declared, and young men between the ages of 17 and 29 who apply at once have a chance to be chosen for the camp. Those from the lower peninsula, except the extreme northern counties, will go to Camp Custer, while others will attend the Fort Brady camp at Sault Ste. Marie.

Application blanks and complete information can be obtained by writing to Phelps Newberry, 3972 Penobscot Building, Detroit, Michigan.

BIGGER-BETTER

NOT FORGOTTEN

The plumber was a mild sort of man, always wanting to see the best in everyone. But he could not get away from the fact that his assistant was terribly lazy.

For a long time, says London Answers Magazine, he managed to say nothing, but at last he could stand it no longer, and his exasperation got the better of him.

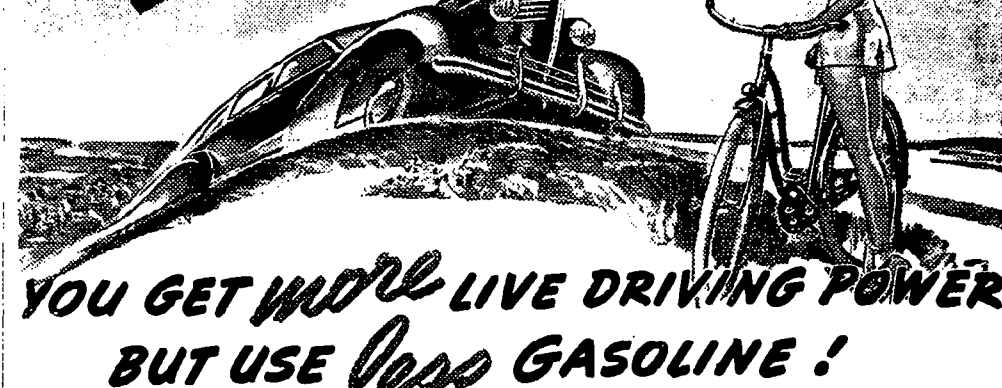

"Bill," he said, "you get on my nerves standing there with your hands in your pockets. For Heaven's sake take one of them out."
